Conference Proceedings

The Conference Proceedings containing the extended abstracts presented will be distributed in USB. The USB will include papers accepted for presentation, provided at least one author has pre-registered by the deadline.

Journal Publications

Selected and qualified papers will be recommended for publication in the special issue of International Journal of Air-Conditioning and Refrigeration (SCOPUS indexed) with peer review after conference.

About the Conference

International Conference of Saving Energy in Refrigeration and Air-Conditioning (ICSERA) started in Jakarta, Indonesia in 2009 and has been followed by Bali (2011), Yeosu (2013), Lombok (2015) and Bali (2017). ICSERA is a forum for exchanging the latest scientific and technological information in technologies for saving energy to the field of refrigeration and air-conditioning industries.

Plenary Speakers

Prof. NASRUDDIN, N.
(University of Indonesia, Indonesia)

Prof. SAITO, Kiyoshi
(Waseda University, Japan)

Prof. JEONG, Siyoung
(Sogang University, Korea)

Scientific and Technical Themes: Saving Energy

Compressor
 Refrigeration system
 Air-Conditioning system
 Heat exchanger
 Heat pump
 HVAC&R system
 New and natural refrigerants
 Heat and mass transfer
 Energy conservation and utilization
 Renewable and new energy application
 Micro and Nano scale transport and chemical process
 Other related topic

Language

The official language used in the conference for all presentations and discussions will be English. All papers must be written and presented in English.

Call for Papers

The ICSERA cordially invites you to submit abstracts for oral presentations. All abstracts will be reviewed by organizing committee and each of them will be assigned to the appropriate session.
